Message from Mayor Jeff Laferriere

It is with great pleasure that I welcome you to the City of Temiskaming Shores. Our city was formed by the union of three municipalities: the township of Dymond, and the Towns of Haileybury, and New Liskeard. Temiskaming Shores is known for its wonderful views on the shores of Lake Temiskaming.

I would like to welcome our newcomers with the “Northern Hospitality” that we are so famous for. By embracing our immigrant roots we recognize that newcomers bring with them the rich diversity that makes Canada a woven masterpiece made of many distinctive strands of culture and ethnicity.

Our diversified and active community offers an outstanding quality of life. We offer lakefront housing along with many other choices of homes in a rural or city setting. We have quality English and French education systems from primary to post-secondary. We also offer local health care, including the Temiskaming Hospital and two family health teams. The business community is growing and offers friendly service coupled with small town charm. Temiskaming Shores has a strong sense of community, which is shown in all the local events and activities that are hosted by the abundant volunteer organizations in our area. Whether it's trying something new at North On Tap, celebrating French culture, participating in the New Liskeard Fall Fair, honouring our veterans on Remembrance Day or building a float for the Santa Claus Parade, our residents truly make our City a community.

Our opportunities for growth are driven by the diversification of the forestry, mining, agricultural and tourism industries in this region. The City of Temiskaming Shores has developed a strong service industry and is recognized as the service and retail hub for the District of Temiskaming and Temiscamingue, Quebec.

As we look to the future, it is important to convey that we are proud of our community. We encourage and invite people to come and settle here! Temiskaming Shores is a wonderful and unique place to call home. Our unique identity is strongly rooted in our people, our surroundings and our rich history.

We want you to experience the hospitality and beauty of our area. We believe that you will see it as an ideal place to raise a family, further your education, begin a career, start a business or even retire. If you are looking for a place to call home, Temiskaming Shores is waiting to welcome you.

Mayor Jeff Laferriere

The Municipal Government of the Corporation of the City of Temiskaming Shores hereby adopts and embraces the following values as being integral to its good governance.

Welcome to Temiskaming Shores

Temiskaming Shores is a vibrant city with endless opportunities nestled in the heart of Northeastern Ontario. Created by the amalgamation of the former Town of New Liskeard, the former Town of Haileybury, and the former Township of Dymond in 2004, the City of Temiskaming Shores is commonly known for its 'friendly northern attitude' and its beautiful surrounding environment. The City is home to many scenic landscapes, a rich heritage, educational, social and health care services and a multicultural population.

The City is situated on the border of the Province of Quebec, on the shores of Lake Temiskaming. It offers beautiful lakefront properties just a short distance from the downtown core. Shorter commute times allow more time to enjoy the leisure activities and inviting parkland located in the area.

The residents of Temiskaming Shores are engaged in the active development of the community. The volunteer sector is evident of the hours of support given to host successful annual events and initiatives. We are continuously holding a wide range of special events, activities and festivals that complement the

natural attractions of the area, creating a vibrant and active place to live.

The City of Temiskaming Shores is the commercial hub of a large agricultural, forestry and mining region. It is endowed with a rich resource base – approximately 65.6% of the City's land base is used for agricultural production and the underlying geology has potential for mineral extraction. Human settlement extends back over 11,000 years in South Temiskaming. Aboriginal settlements, along with the legacy of the mining industry, marine archaeology and many unique architectural forms combine for a rich cultural backdrop to today's urban and rural landscapes.

Ecological sources of energy and energy conservation will affect land use decisions in the area. New sources are developed under the Green Energy and Green Economy Act or on an individual property basis. The City has an abundance of land that can be developed to accommodate growth in this industry.

Welcome from the Francophone Community of Témiskaming

Temiskaming's French-speaking community is vibrant and very active in the region. A French presence was found in Témiskaming as early as the 1670s with the establishment of a fur trading post at the mouth of the Montreal and Matabitchuan rivers on an island in Lake Temiskaming. From the beginning of the European colonization of the territory, Francophones came from all over in America to settle in great numbers on the rich agricultural soil of the region.

The Francophones of Temiskaming have created institutions in its own image. First of all, there are some Catholic parishes with its associations such as the Chevaliers de Colomb (Knights of Columbus). On the education front, we find three catholic elementary schools, a public elementary school, a catholic high school and an adult education and learning center. The region also has a credit union (Caisse Desjardins Ontario) with two branches (Earlton and New Liskeard,) some service clubs such as Richelieu Timiskaming, the Club Lions d'Earlton, two chapters of the Union culturelle des Franco-Ontariennes (Earlton and New Liskeard); and three Golden Age clubs (Club de l'âge d'or d'Earlton, Club du Sourire de New Liskeard and Club Joyeux de Haileybury.) We also have a foundation, the Fondation communautaire du Témiskaming, a canoe association, the Association de canot-camping du lac Témiskamingue, the Concours de labour du Temiskaming Plowing Match and an amateur theatre troupe, «Grouille ou Rouille». At the end on November, you can visit Village Noel, from Artem, in downtown New Liskeard, with its many artisans and which brings New France to life. There are also many Francophone heads of businesses in our region.

L'Association canadienne-française de l'Ontario (French Canadian Association of Ontario, ACFO), of the Témiskaming region, has been active in the area since 1972. Its mandate is to promote French. ACFO-Témiskaming helped set up the Centre culturel ARTEM (Cultural Center), the Centre de santé communautaire du Témiskaming (Health Center), the Témiskaming campus of Collège Boréal and the Festival des Folies Franco-Fun.

We are known to be very welcoming. In fact, we invite you to come and visit our beautiful region of Temiskaming.

A Brief History:

John Armstrong

The first European settlers to arrive in the New Liskeard area, in 1891, were William Murray and Irvin Heard. John Armstrong, Crown Lands Agent and later on New Liskeard's first mayor, arrived some years later. Settlers took advantage of the rich soil in the area and New Liskeard became a key agricultural center in the North. Dymond was incorporated in 1901; New Liskeard, in 1903.

In 1889, Charles Cobbold Farr left his employment with the Hudson Bay Company and moved his family to a clearing along the shore of Lake Temiskaming known as Humphrey's Depot. This spot was also known by its Algonkian name, Matabanick, an ancient native portage whose name roughly translates "place where the trail ends".

Charles Cobbold Farr

C.C. Farr's dream was to establish a community, which he would name Haileybury after the school he attended in England. In 1893 he wrote a pamphlet entitled "The Lake Temiscamingue District" which he distributed in an effort to encourage settlement. Haileybury's early growth was slow, but with the advent of the railway, the discovery of silver in 1903, and the establishment of the Cobalt Mining Camp, Haileybury experienced a population explosion. Haileybury and the Village of North Cobalt (located in Bucke Township) became a "bedroom" community for many of the miners, prospectors, and promoters who worked in Cobalt. Haileybury's Lakeshore Road came to be known as Millionaire's Row in reference to the many mine owners, managers and other professionals who built their majestic homes along Lake Temiskaming's shore.

By 1904 the Town was incorporated and in 1912 Haileybury was declared the Judicial Seat for the District of Temiskaming.

Health Care

Ontario Health Insurance Plan (OHIP)

www.health.gov.on.ca

In Canada, the government provides basic health care to those who live here and who meet the eligibility requirements. In Ontario, the government-run health plan is called the Ontario Health Insurance Plan (OHIP).

OHIP pays for many health care services. OHIP pays for services that are medically necessary. These services include visits to your family doctor and specialists. Most basic and emergency health care services are covered by OHIP. To find out if a procedure or treatment is covered by OHIP, check with a health care professional.
