City of Temiskaming Shores

Active Transportation Improvements

The City of Temiskaming Shores (City) together with their Consultant, D.M. Wills Associates Ltd. (Wills), is undertaking detailed design for the implantation of an active transportation pathway along Georgina Avenue in the Town of Haileybury. The objective is to improve safety and encourage multi-modal transportation by enhancing pedestrian infrastructure. This project aligns with the City's transportation objectives and Vision Zero, Complete Streets principles.

The project objectives align with the recommendations of the previously prepared Downtown Cores Transportation Study and Active Transportation Plan (ATP).

The Active Transportation Pathway along the east side of Georgina Avenue is consistent with the recommendations of the ATP and will connect STATO Trail from Morissette Drive to Albert Street.

HOW TO PARTICPATE:

Residents and interested community members are invited to attend a Public Information Centre (PIC) to review project materials. The project team will be in attendance to answer questions.

Date/Time: Wednesday November 5th, 2025, 4:00pm to 6:00pm

Location: Temiskaming Shores City Hall, 325 Farr Drive, Haileybury, ON

If you are unable to attend, members of the project team (contact details provided below) are available to answer questions regarding the Study. Display materials can be available via email or through the City's website.
