Public:

1. Land Acknowledgement

We acknowledge that we live, work, and gather on the traditional and unceded Territory of the Algonquin People, specifically the Timiskaming First Nation.

We recognize the presence of the Timiskaming First Nation in our community since time immemorial and honour their long history of welcoming many Nations to this beautiful territory and uphold and uplift their voice and values.

2. Call to Order

The meeting was called to order by Mayor Laferriere at 6:00 p.m.

Regular Council Meeting Minutes - October 21, 2025

Mayor Laferriere presented a plaque to Councillor Danny Whalen in recognition of 15 years of dedicated service to the FONOM Board and for his advocacy on behalf of Northeastern Ontario municipalities. The plaque acknowledged Danny's leadership, commitment, and lasting impact on the community, and was offered with sincere appreciation on behalf of Council.

b. Committee of the Whole Meeting Minutes - October 7, 2025

8. Presentations/Delegations

a. Anthony Hamilton, Technical Director, Thordon Bearings Inc.

Re: Feasibility Study at Pete's Dam - Potential Demonstration Site (Hydro-Turbine Energy)

Councillor Graydon declared a conflict on this item. (Employee of an electricity provider)

Anthony Hamilton, Technical Director of Thordon Bearings Inc., presented a proposed feasibility study at Pete's Dam for a demonstration of a micro hydro-turbine project. The project, in partnership with Temiskaming First Nation, Thordon Energy, the local community, and technical experts, aims to explore a run-of-the-river system that generates clean, renewable electricity while minimizing environmental impact. The proposed design includes a small powerhouse anchored to existing rock, visible mechanical and control systems for educational purposes, and improved visitor access. The initiative is intended to serve as a model for remote northern Indigenous communities currently relying on diesel power, and could also support local employment, park enhancements, and educational opportunities. The project emphasizes environmental stewardship, energy sovereignty, and economic development. Council members had an opportunity to ask questions following the presentation.

Councillor Pelletier-Lavigne inquired about the location of the proposed design in relation to the parking lot, noting a preference that it not be one of the first features seen. It was noted that the site would be approximately 1 km from the parking area. Councillor Pelletier-Lavigne also asked about potential impacts on water levels and whether the water could be cleaned. The response indicated that water levels would be adjusted, but not to the extent that the falls would be significantly affected, and that options for water cleaning would be investigated, and also asked if signage could be provided in both official languages. Councillor Whalen expressed support for protecting the surrounding lands while appreciating the educational component of the project. Councillor Ducharme noted the value of the partnerships involved, and inquired about ownership and decommissioning responsibilities for the project.

Mayor Laferriere thanked Mr. Hamilton for the presentation, and advised that staff will prepare a report for Council's consideration at a future meeting.

9. Correspondence/Communications

Resolution No. 2025-350

Moved By: Councillor Graydon

Seconded By: Councillor Pelletier-Lavigne

Be it resolved that the Council for the City of Temiskaming Shores agrees to deal with Communication Items 9 a) through 9 f), in accordance with the agenda references.

None

12. Notice of Motions

- a. **Councillor Mark Wilson**

Re: Request for the Ontario Government to Reverse their Intention to Ban Safe Speed Cameras

Whereas the Ontario Government has announced its intention to ban Safe Speed Cameras (also known as Automated Speed Enforcement) from Communities across Ontario, and

Whereas speeding is one of the leading causes of serious crashes in Ontario, and Whereas vehicular crashes are the number one cause of injury related death of children in Canada, and

Whereas a pedestrian hit by a vehicle travelling 30km/h has a 90% chance of survival, while a pedestrian hit at 50 km/h has only a 20% chance of survival, and

Whereas studies from Toronto Metropolitan University and SickKids indicate significant reductions in speed and injuries in school zones where Safe Speed cameras are used,

and

Whereas a Canadian Automobile Association survey showed that 73% of Ontario residents support Safe Speed Cameras, and

Whereas higher vehicle speeds increase both crash likelihood and severity while slower speeds allow drivers more reaction time and improve the survivability of crashes, and

Whereas Safe Speed Cameras are an important tool for municipalities to protect their citizens from the harms of drivers exceeding the speed limit while they continue the work of building safer road infrastructure, and

Whereas the safety of our roads and streets must be a top priority in Ontario.

Therefore, be it resolved that the City of Temiskaming Shores request that the Ontario Government reverse their intention to ban Safe Speed Cameras in Ontario and continue to allow municipalities to use Safe Speed Cameras to protect their citizens from vehicles travelling at unsafe speeds and that a copy of this resolution be sent to the Doug Ford, Premier of Ontario, Prabmeet Sarkaria, Ontario Minister of Transportation, Sylvia Jones, Ontario Minister of Health and Deputy Premier, The Association of Municipalities of Ontario, The Rural Ontario Municipal Association and all municipalities in Ontario.

b. Councillor Mark Wilson

Re: Elect Respect Pledge

Whereas democracy is healthy when everyone can participate fully and safely and contribute to the well-being of their community; and

Whereas we are witnessing the dissolution of democratic discourse and respectful debate across all levels of government and in neighbouring jurisdictions; and

Whereas Ontario's municipally elected officials are dealing with increasingly hostile, unsafe work environments facing threats and harassment; and

Whereas social media platforms have exacerbated disrespectful dialogue, negative commentary, and toxic engagement which disincentivizes individuals, especially women and candidates from diverse backgrounds from running for office; and

Whereas better decisions are made when democracy is respectful and constructive and the voices of diverse genders, identities, ethnicities, races, sexual orientation, ages and abilities are heard and represented around municipal council tables; and

Whereas the Association of Municipalities of Ontario's Healthy Democracy Project has identified concerning trends with fewer people voting in local elections and running for municipal office; and

Whereas in 2024, female elected representatives from across Halton formed a group called H.E.R. (Halton Elected Representatives) which pledged to speak out against harassment and negativity in politics and call on elected officials to uphold the highest standards of conduct; and

Regular Council Meeting Minutes - October 21, 2025

Whereas H.E.R. Halton has launched a campaign called Elect Respect to promote the importance of healthy democracy and safe, inclusive, respectful work environments for all elected officials that encourages individuals to participate in the political process; and

Whereas on June 5, 2025, the Canadian Association of Feminist Parliamentarians launched a non-partisan "Parliamentary Civility Pledge" to encourage all parliamentarians to commit to end workplace harassment and increase civility on Parliament Hill, modelled after the pledge developed in Halton by representatives of H.E.R.

Therefore, be it resolved that Council of the City of Temiskaming Shores supports the Elect Respect pledge and commits to:

- Treat others with respect in all spaces - public, private, and online,
- Reject and call out harassment, abuse, and personal attacks,
- Focus debate on ideas and policies, not personal attacks,
- Help build a supportive culture where people of all backgrounds feel safe to run for and hold office,
- Call on relevant authorities to ensure the protection of elected officials who face abuse or threats, and
- Model integrity and respect by holding one another to the highest standards of conduct; and

That City of Temiskaming Shores Council calls on elected officials, organizations and community members to support the *Elect Respect* campaign and sign the online pledge at www.electrespect.ca; and

Further that a copy of this resolution be sent to the Association of Municipalities of Ontario, Ontario's Big City Mayors, the Federation of Canadian Municipalities, the Office of the Mayor of Burlington, John Vanthof MPP Temiskaming -Cochrane, Pauline Rochefort, MP Nipissing Temiskaming and the Ontario Provincial Police, Timiskaming Detachment.

13. New Business

- a. **Township of Larder Lake - Resolution of Support Requesting a Moratorium on Aerial Spraying of Glyphosate in the Timiskaming Forest (correspondence item from the September 16, 2025 Regular Council Meeting)**

Resolution No. 2025-352

Moved By: Councillor Whalen

Seconded By: Councillor Graydon

Whereas Council of the Township of Larder Lake adopted a resolution regarding aerial spraying of glyphosate in the Timiskaming Forest, at their regular meeting on September 9, 2025; and

Regular Council Meeting Minutes - October 21, 2025

Whereas the Province of Ontario, through the Ministry of Natural Resources and Forestry, plans to begin aerial spraying of glyphosate-based herbicides starting on or before August 10th, 2025, in the Timiskaming Forest; and

Whereas the Timiskaming Forest covers a significant portion of the Municipality of Larder Lake, and this activity may impact residents and ecosystems; and

Whereas new scientific evidence published since Health Canada's last assessment of glyphosate in 2017 has linked glyphosate-based end-use products to cancer, metabolic and neurological diseases, reproductive toxicity, and ecosystem harm; and

Whereas the Province of Quebec banned the use of glyphosate for forestry purposes in 2001 and replaced aerial herbicide spraying with manual forest thinning as a safer alternative forest management method; and

Whereas many residents have expressed concern regarding the potential environmental and public health risks associated with aerial spraying of glyphosate-based herbicides.

Therefore be it resolved that Council of the City of Temiskaming Shores hereby supports the Township of Larder Lake's request, that the Honourable Mike Harris Jr., Minister of Natural Resources and Forestry, reconsider the planned use of glyphosate-based herbicides in the Timiskaming Forest and suspend the aerial spraying initiative until further independent research and updated risk assessments are completed and reviewed; and

That a copy of this resolution be forwarded to The Honourable Mike Harris Jr., Minister of Natural Resources and Forestry; the Honourable Sylvia Jones, Minister of Health; MPP John Vanthof, Timiskaming-Cochrane; AMO (Association of Municipalities of Ontario); FONOM (Federation of Northern Ontario Municipalities); and the Township of Larder Lake.

Motion to Amend

Resolution No. 2025-352-A (amended)

Moved By: Councillor Whalen

Seconded By: Councillor Graydon

Be it resolved that Council hereby amends Resolution No. 2025-352 to include the Township of Moonbeam and the Temagami Forest Management Group to the resolution distribution list, based on the recommendation from conseillère Pelletier-Lavigne.

Carried
