RE: NEW LISKEARD MARINA OPERATIONS 2024

Dear Boater;

The City of Temiskaming Shores is connecting with you to announce changes to the provision of marina services in New Liskeard beginning this year.

To provide the best service to boaters in our community while also utilizing our limited staff resources as efficiently as possible, the City issued a Request-For-Proposal for operations of the New Liskeard Marina in February 2024. That RFP was recently awarded to Temiskaming Power Sports Inc. who will now be taking over all operations at the New Liskeard Marina. This includes seasonal slip rentals, fuel purchases and pump outs.

Temiskaming Power Sports has already begun renovations of the marina building where they will be providing services including fuel, pump outs and slip rentals along with the sale of items such as motors, parts, consumables, drinks, snacks, ice, etc. They also intend to be open for much longer hours over the summer months including Fridays and Saturdays from 7am to 9pm as one example.

We believe this arrangement will provide the best boating experience for you.

To ensure you don't miss out on your slip for 2024 **YOU MUST CONTACT Temiskaming Power Sports**. The City CANNOT provide your contact information to Temiskaming Power Sports due to data privacy legislation.

You can contact Temiskaming Power Sports at:

info.tpowersports@gmail.com

705-622-2818

Should you wish to dock in the Haileybury Marina this year, the City intends to release details on how to register for a slip in April 2024.

Sincerely,

Mathew Bahm
Director of Recreation
